Second Daycare Expansion Application Approved

The JSDC Board of Directors approved their second Daycare Expansion application at their March meeting.

Charge On Together Childcare is a licensed residential group facility that is currently licensed for up to seventeen children. They offer full-time, part-time, drop-in, before and after school, and summer care for children up to the age of thirteen. In addition, they also provide a preschool curriculum.

They plan to use the funds to help remodel the basement area of the in-house daycare. This would allow the creation of another entrance, helping provide more space and separation between the younger and older children. In addition, pull-down fire alarms need to be installed in the basement and on the main level to bring the building up to code. This remodel is set to open an additional eleven spots in the community for childcare, bringing their total up to twenty-eight.
